SUPERIOR ONES

Isn't it nice to grow with grace, for nothing can take the Superior One's place.

The stories we could tell you of our golden years, that brought us happiness instead of tears.

We saw things that others may never see. After all, we are where they are trying to be.

Although some may try to push us aside, they must respect our wisdom and pride.

As we gracefully graduate this year, let us look ahead without any fear.

So- a touch of class we leave with you. . . from the Superior Ones of '82

By Denise Taylor, Student Body President.

SPOTLIGHT ON DRAMA

The DRAMA PRODUCTION has brought a lot of shy people at Jefferson "out of their shell". It is a good class, because it not only teaches you discipline, it teaches students to understand other people, through the characters they portray. The Drama Class is supporting Thomas Jefferson High School, through the performances it produces and the students learn a lot about people and the way life seems to them.

The Young People Of Today Going Forward

You are no doubt familiar with Moses and the Children of Israel who went into the midst of the sea upon dry ground. The Lord had intended for each generation of Christians to do dynamic things. This is your time now. The Lord did not give you the 13th or 18th Century and you no doubt will not be here in the 22nd Century. This is your time now, it is our time now. God has made provisions through Jesus Christ, His Son, to us to become achievers in Christ to have social distinction and to be empowered persons.

There is no doubt in my mind that young people will go forward if they trust in the Lord with all their heart and lean not to their own understanding. In all ways acknowledge Him and He shall direct Thy Path.

I commend you for your achievements and ask that you be strong in the Lord and in the power of His Might keep going forward until the Lord comes and raptures the Church. This is my hope and prayer for the young people of today.

BEST WISHES FOR A SUCCESSFUL FUTURE

From RUTH WASHINGTON

Publisher And Owner

LOS ANGELES SENTINEL NEWSPAPER

Dear Graduates and students:

Tomorrow belongs to you. But it belongs to you conditionally. It will not come unless you are prepared to take advantage of it.

If you are prepared, one of you could become the Mayor of Los Angeles, or even the Governor of the state of California. You might well become city councilmen or councilwomen. But you must be prepared.

As you have no doubt noticed, the slogan of the Los Angeles Sentinel is "Education will lead to the truth." and that slogan must become your way of life, if you plan on making yours a successful life.

In this time of a major drug culture and excessively high crime rates, the world must look to the youth for change. It will become your responsibility to bring credibility back to government.

It will become your responsibility to bring truth into the educational system. It will also be responsibility to rear the children of the next generation.

All of these are awesome responsibilities and they cannot be taken lightly. They are much too important to be tucked away in some far corner.

Your fight for freedom is just beginning and you must not falter along the way. It is your chance to keep the faith and you cannot fail. For if you fail, you will not only have failed yourself, but you will have failed the entire community.

With all of this in mind, I heartily congratulate you for having come this far up the proverbial ladder of success, and at the same time, I wish you God-speed for tomorrow — and remember, tomorrow belongs to you. But only if you prepare for it.

Sincerely yours,
Ruth Washington (Mrs.)

Moses Is Concerned Man

Lee L. Moses is a man who is concerned about the Black community and the common problems that all Black Americans share. This concern, he says, led him to write and publish a book entitled "The Day That Blacks Rise (Not For Blacks Only)."

The book outlines his plan for a revitalization of the Black community through a plan and organization called "Blacktrack".

"Blacktrack," created by Moses, would finance special projects that will aid Blacks through an economic pool of resources. The source of the funding for this plan would be through payment of $1 per month by every Black American.

"When Blacks Rise" is full of simple "common sense" methods of dealing with Black problems like crime, jobs, drugs, poverty and economic mobility. In the opening section of the book, Moses says, " As I wrote I came up with more ideas than just writing a book, ideas that must be put into practice."

The book, published by Moses and Payne Publishers, is available at Broadway stores Crenshaw, Plaza, Downtown, Fox Hills, Hawthorne Mall, Carson Mall, the Aquarian Bookstore, 1342 W. Santa Barbara Ave. Westwood Bookstore, 1021 Broxton, the May Co. Downtown, Crenshaw, Wilshire and Lakewood.

The book is also available by writing Lee Moses/Ed Payne, P.O. Box 43261, Los Angeles, Calif. 90043.
